

Molok North America Ltd. announces return of Mark Hillis to the Molok® family

Mount Forest, Ontario (August 9,2013) - Molok North America Ltd. is pleased to announce that Mark Hillis has returned to the Molok® family as Chief Operating Officer after working for Waste Management as Business Development Manager. Waste Management will continue to be a non-exclusive distributor and service provider of Molok® containers. In his new position, Mark will run the day-to-day operations with a focus on forging new partnerships and working with national customers, service providers and installers. As Chief Executive Officer, Marja Hillis' focus will be on long-term strategy as the company continues to grow.

About Molok North America Ltd.

Molok North America Ltd., a PROFIT 500 company, has been headquartered in Mount Forest, Ontario since 1999, providing commercial, residential and municipal applications with an innovative new way of managing waste and recyclables. The Molok® Deep Collection™ system is a customer driven solution that provides users with a clean, safe and efficient collection point for a variety of waste types.
